

OOP Project Proposal

GROUP MEMBERS:

HUNZILA NOOR 20K-1880

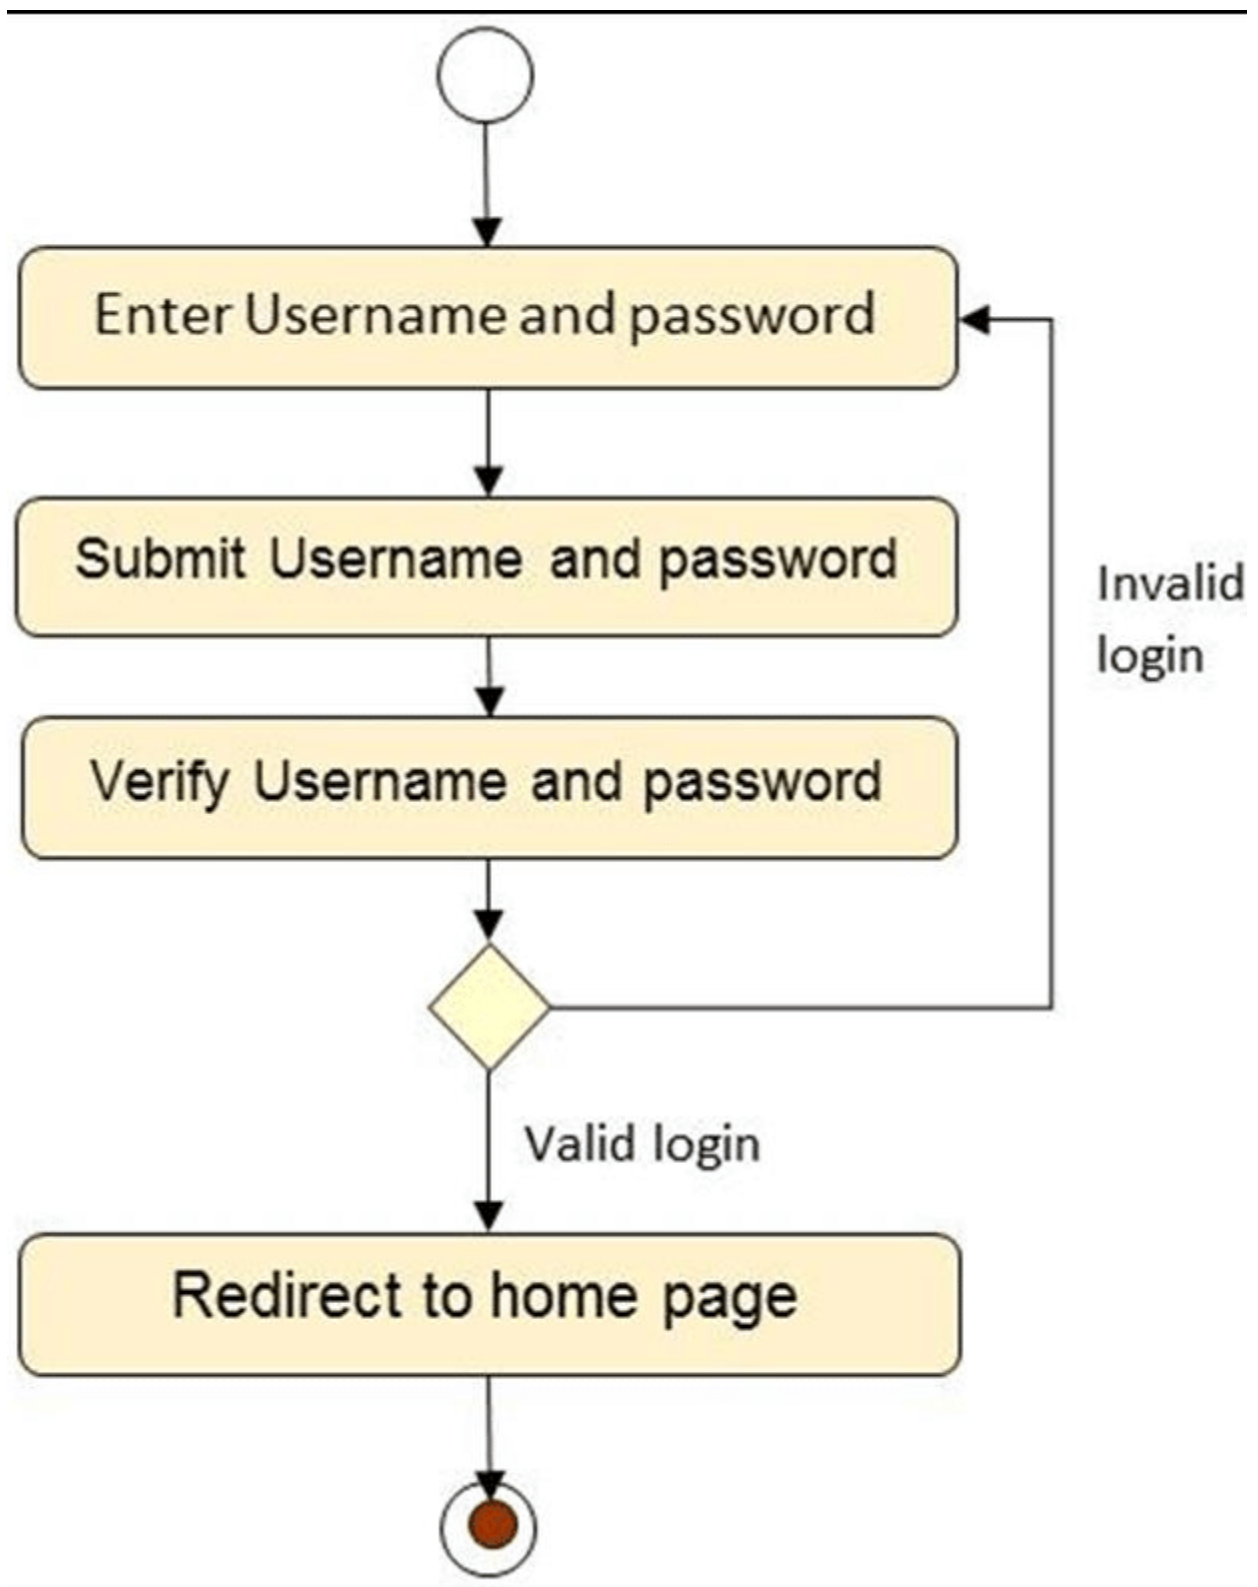

MUHAMMAD ALI KHAN 20K-1891

IDEA:

A real program that can register courses, show attendance show grades, GPA, and details of student.

KEY FEATURES:

- Details for Student
- Create username platform for student & admin separately
- Create & save password for both student & admin
- Show details of student.
- He cannot change anything
- He can only register courses.
- Courses will require pre-requisite to courses to be passed if needed
- CGPA should be above 2.0,
- If not then student will receive a warning count 1 and will have to repeat 1 course with lowest GPA.
- Students will be able to view their attendance of their registered courses.
- If attendance is less than 70%. Subject will show not be able to appear in that course.
